The Committee on the "Young Reaper," reported through Rev. Kendall Brooks of Massachusetts:

"The committee to which was referred so much of the Report of the Board as relates to the 'Young Reaper,' respectfully report :

"The Society may well rejoice in the success of its attempt to provide a monthly paper for children,—a success which fully meets the largest expectations with which the attempt was commenced. By the variety and suitableness, and healthy tone of its articles, and by the beauty of its mechanical execution, it commends itself to the patronage of all our Sunday Schools as not inferior to any paper for children, with which the members of the Committee are acquainted.

"The monthly issue now amounts to 115,000 copies; and if the average number of readers is not more than three for each copy, it speaks every month to more than a third of a million of persons, most of whom are at an age to be easily affected by what they read.

"The aggregate of reading furnished by the "Young Reaper" is more than all the rest furnished by the society; and the Board may therefore with great propriety continue to make ample provision for editing the paper and rendering it still more deserving of favor, and should use all suitable means for increasing its circulation.

"In behalf of the Committee,

"KENDALL BROOKS."

The Report was read and accepted.

The Committee on Suggestions in the President's address, reported through Rev. J. W. Parker, D. D., of Massachusetts:—

Your Committee beg leave to report that they recommend to the Society the adoption of the following resolution:

Resolved, That the Board be requested to consider the expediency of providing Bibles and denominational books for all laborers in our Home and Foreign fields.

The resolution was adopted.

The Committee on Ministers' Library Fund, reported through Rev. S. Graves, of Connecticut:

Your Committee to whom was referred so much of the Report of the Board as relates to the *Ministers' Library Fund*, beg leave to report:

That they were gratified to learn (by that Report) that during the last year a permanent fund had been bequeathed, to sustain a colporteur; and also that a like donation, in the generous sum of \$10,000 had been made to supply destitute Sunday Schools with Libraries.

Next in importance, if not indeed outranking them, is the subject submitted to your Committee, viz., a *permanent fund*, the income of which shall be devoted to the furnishing of indigent ministers with the publications of this Society.

The importance of a well-instructed ministry in this day needs no argument before this body.

The time was when men of liberal education and generous culture were looked upon, by many in our own denomination with suspicion. But that age has gone by, and we are not of those who say that in this respect, "the former days are better than these." Next to *good sense* and *godliness*, it is of the first and highest moment to our ministry that it be *well read*, and *fully established* in the doctrines of the Scripture, and be able and "ready to give not only an answer to every one that asketh a reason for the hope that is in them," but what is more important still, "by sound words which cannot be gainsaid, to put to silence the ignorance of foolish men:"

and to occupy, with every possible facility to success, at their command, the high position both of "a teacher of babes," and of him who is "set for the defence of the gospel." The head must be constantly replenished by thought, as well as the heart by grace or one's ministry will become enervated, and no one can know but those who have experienced it, the embarrassments which a pastor feels, in this age of earnest and searching thought, who is compelled, for want of early culture and the means which proper books would give him of repairing, in a measure, these defects of his education, to stand before men who have enjoyed advantages greatly superior to his own. What a *relief* to such a man, and what a *help* to his ministry, would be the donation of a few such books, once in three or five years, as this Society is publishing.

If it be true, as the report affirms, and we have no reason to doubt it, "That there are still hundreds of ministers whose only library is a Bible and a hymn book." In what possible way could benevolent Christian men put a few hundred or thousand dollars to a better use, than by making its income a perpetual giver, to such ministers of the invaluable theological works of this Society.

Your Committee therefore recommend, that the treasury be opened, and the call thereby and henceforward made for this object, until that call is answered in the donation of at least \$10,000 to be permanently invested for this object.

All of which is respectfully submitted.

S. GRAVES,

Chairman.

Report was adopted and ordered to be printed in the Annual Report.

Rev. J. Pratt, D. D., of Kentucky, offered the following resolution:

Resolved, That the Board be instructed to select a person or persons to prepare a catechism for the use of the family and the Sunday School. That the proof sheets be forwarded to ministers in various sections of our country for inspection and suggestion, and the said catechism be submitted for the adoption or rejection by this Society at the next anniversary.

The resolution was adopted.

On motion of Rev. J. E. Cheshire, of Pennsylvania, the thanks of the Society were given to the Rev. Wm. Hague, D. D., of Massachusetts, for his Sermon delivered before the Society on Sabbath afternoon, and a copy of the same was requested for publication.

On motion of Rev. S. Ilsley, of New York, the thanks of the Society were returned to Rev. G. W. Anderson, for his Essay, and a copy of the same was requested for publication in the Annual Report.

Adjourned with prayer by Rev. J. Pratt, D. D., of Kentucky.

EVENING SESSION.

Services opened with singing Hymn 668, and prayer by Rev. E. W. Bliss, of New York.

Addresses were delivered by Rev. J. Banvard, D. D., of Massachusetts, Rev. Thomas Armitage, D. D., of New York, and Rev. H. M. Gallaher, of Illinois.

The Committee on Receipts and Special Donations through Rev. J. T. Seeley of New York, offered the following resolution :

Resolved, That in view of the greatly augmented receipts to the Treasury during the past year, we express our gratitude to God; and render our heartfelt acknowledgments to the donors, and *particularly* to those brethren who have so liberally contributed their money to form a fund for the special objects of benevolence embraced by this Society.

Adopted.

The Committee on Sweden reported through Rev. Wm. Cathcart, of Pennsylvania :

The commission of Jesus is as wide as the race ; its field is not our country simply, but all lands. If, indeed, we stopped our efforts for other nations until all our own children were converted, we believe religious progress among us would be impossible ; and the prevalence of this spirit among Christians would postpone forever the conversion of our race.

The Swedish mission, however distant, is the child of this Society ; a child of which *we* are proud—around which the sympathies of Christians everywhere are gathering ; whose life we should guard ; whose wants we should supply, and for whose continued growth we should offer fervent prayers and generous contributions.

Swedish Baptists stand on our platform at the communion table, thus excluding themselves largely from the sympathy of British Baptists—in fact, they are with us in everything—they are a part of ourselves, and hence their contribution for Foreign Missions goes to Burmah through Boston.

There is not in any mission field on earth a class of men better qualified for their work than our agents in Sweden, from the apostolic Wiberg down to the most obscure colporteur ; the seal of God rests upon their work ; a success, considering the time and appliances, almost unmatched in the history of missions has followed *them*, and assures *us* that it is the will of the Church's Head that we should prosecute the work with all the resources we can employ.

Sweden is emphatically a barren country, suffering for lack of the bread of life. In view of all the facts of the case, we call earnestly on the churches to enable the Society to double its grants to colporteurs in Sweden, and forthwith to furnish Brother Wiberg with means to build the meeting-house in Stockholm.

W. CATHCART,

Chairman.

The report was adopted.

On motion of Rev. S. Ilsey it was resolved that Rev. J. W. Smith, D. D., be requested to write out his Address for publication in the Annual Report.

Rev. S. Gorman, of Ohio, offered the following resolution :

Whereas, The millions of Spaniards who have hitherto been hindered from receiving and reading Protestant literature, are now becoming accessible to evangelical laborers, and as there is almost an entire destitution of Baptist books in that language, therefore

Resolved, That we recommend to the Board of this Society to procure as fast as possible the best and greatest variety of Baptist books and tracts in the Spanish language.

The resolution was adopted.

On motion of Rev. James Cooper of Pennsylvania, the thanks of the Society were returned to Rev. J. Banvard, Rev. Thomas Armitage, D. D., and Rev. H. M. Gallaher, for their eloquent Addresses delivered this evening.

On motion, the thanks of the Society were returned to the Spruce Street Baptist Church, and to the various railroad companies which have so generously reduced their fares for this anniversary.

On motion, the Society adjourned with prayer by Rev. J. T. Seeley, of New York.

JAMES COOPER,

Recording Secretary.

FORTIETH ANNUAL REPORT OF THE BOARD.

YOUR Board beg leave to submit to the Society their Fortieth Annual Report. We will not burden you with any elaborate discussion of principles or plans, but content ourselves with giving, in few words, an account of what God has graciously enabled the Society to accomplish during the year.

When we remember that our country is still struggling with the mightiest rebellion ever known in the history of nations; that the resources of the people have been largely taxed, we would have profound reason for thanksgiving to Almighty God if the receipts of the Society had not fallen far below those of previous years. But, the year has been a pre-eminently prosperous one. The receipts have been fully one-fifth greater than they have ever been before. And we hope that the good accomplished has been correspondingly large.

RECEIPTS.

It may not be amiss to repeat the statement, that the work of the Society is divided into two Departments—*Business* and *Benevolent*; and that the receipts, into these are kept as distinct and separate as if they were under the direction of two Boards.

The receipts in the Business Department are \$77,373.00, which exceeds the like receipts of last year by \$29,034.00, and the receipts of the preceding year by \$35,093.22. This gives a hopeful view of the year's business. While the profits have not been large, they have been sufficient to defray all the expenses, including the salary of the Secretary and of all the clerks in the rooms.

The receipts in the Benevolent Department, which embraces all the moneys contributed by churches and individuals, amount to \$31,100.77. Of this sum, however, \$10,000 are from a special donation. So that the receipts in this department, from the ordinary sources, are \$21,100.77, which are \$4,954.46 more than were received in this department during the last year, and \$7,132.14 more than the receipts of the preceding year.

Soon after the last anniversary, a circular was sent out appealing for *one dollar* donations, and a very generous response was made. True, there was not enough received to enable us to appoint fifty colporteurs, as was proposed; but a number have been commissioned, and others will be soon.

The total receipts in both departments amount to \$108,473.77, which are \$43,988.46 more than the total receipts of last year. We have great reason, therefore, to thank God and take courage.

The Board find a satisfaction in noticing the gradual advancement of the Society. Its progress has never been rapid, but always steady and sure. It has met with no reverses; but each year it gains a little deeper place in the appreciation of the denomination. And it will continue

to gain. There is a future for the American Baptist Publication Society. The time will come when its yearly receipts will be numbered by millions, and when its power for good, in the denomination and the world, will be mighty.

SPECIAL DONATIONS.

In January last, Mr. Jonathan Davis, of Adams Centre, New York, since deceased, forwarded us TWENTY-THREE HUNDRED DOLLARS for the support of a permanent Colporteur.

We make the following extract from the bequest:

"I, Jonathan Davis, give and bequeath unto the American Baptist Publication Society the sum of twenty-three hundred dollars, as a permanent fund: to be invested by said Society so as to draw seven per cent. interest annually. One hundred and fifty dollars of said interest to be applied toward the support of a Colporteur, to be employed by and under the supervision of said Society."

The investment has been made and the Colporteur appointed.

This man of God, before going to his rest in heaven, has secured the appointment of a missionary to labor among the perishing, year after year, down through coming generations. There is good reason to hope that Brother Davis will be permitted to greet in the heavenly world scores, and even hundreds of precious souls, who will be saved through the instrumentality of this bequest. He will be one of the "blessed dead," who, while he rests from his labors his works will follow him.

At the regular meeting, in February, the Board were joyfully surprised, in receiving from their Chairman, John

P. Crozer, Esq., of Upland, Delaware county, Pa., a communication, from which we take the following extract:

UPLAND, *February 18th, 1864.*

TO THE BOARD OF MANAGERS OF THE AMERICAN BAPTIST PUBLICATION SOCIETY:

DEAR BRETHREN.—Each succeeding year of my life I become more deeply impressed with the importance of religious effort on behalf of the young,—especially of those in childhood and early youth,—and as a natural consequence I wish our Society to devote increased attention to the publication and more wide circulation of Evangelical Sabbath School literature.

I have been much exercised in my own mind as to what mode I might best adopt in order to aid the Board and Society in effecting good by its labors in the Sabbath School work. A decision has finally been made. To encourage the formation of Sabbath Schools in destitute places, where no such schools have heretofore existed, and to aid, to some extent, those which have been already formed, I propose to donate, in trust, to the American Baptist Publication Society, in perpetuity, the sum of Ten Thousand Dollars.

The income or revenue which may accrue from the investment of this principal sum of Ten Thousand Dollars, is to form and become a fund for the supply of books and publications to new Sabbath Schools formed, or in progress of formation, in destitute places, and to be equally applicable to Schools of white or colored children. All applications for aid out of this fund are to be disposed of in the usual way by the Board of Managers, with the condition, however, that no school shall receive the benefit of this fund to a greater amount of value than that of the one hundred volume library, issued by this Society, and which until recently was sold for ten dollars.

Long experience has confirmed an opinion of the donor that gifts and benefactions are most valuable, and generally more effective when not obtained without some cost and effort. He would therefore strongly recommend to this, and to all future Boards, to require as a general rule, that applicants for aid from this fund shall, as a condition, be required to purchase from the Depository, books equal in value to the amount donated.

JOHN P. CROZER.

The influence of this donation upon the well-being of

the present and coming generations, no one can over-estimate. As we look down into the future and follow the working of the libraries furnished from year to year by the interest of this fund, we see feeble schools revived and strengthened; new schools established, many of them growing into vigorous churches; multitudes of children and youth converted to Christ, entering and enlarging every department of work in the Redeemer's Kingdom. Numberless and ever-multiplying springs of blessing will be opened, whose waters will deepen and widen and flow on for ever, making glad the hearts of multitudes. Thanks be unto God for inclining the heart of our brother to establish this Sunday School Library Fund.

We cannot but indulge the hope that these noble examples will be followed by other brethren. O that some servant of Christ may be led to establish a

MINISTERS' LIBRARY FUND.

There are still hundreds of ministers whose only library is a Bible and a Hymn Book; and a vast number who are exceedingly deficient in good books. Many of these are men of natural ability, but are unable to supply themselves with books. And this class will be found in our ministry for ages to come. Give these men a small library, and their influence and power for good would, in a little while, be more than doubled. The man who establishes a fund, the interest of which would, each year, supply fifty or sixty servants of Christ with a few choice books, would accomplish a vast and blessed work in the

Kingdom of our Lord. He would *teach* the *teachers*. The highest privilege and honor on earth is to be a useful minister of Christ. But this man would enjoy the privilege and honor of greatly increasing, if not doubling, the usefulness of scores, hundreds, and, in time, of even thousands of ministers. Who will do it?

GRANTS.

To twenty Sunday Schools, libraries have been donated. To twenty-one other Sunday Schools, Bibles and books, in small quantities, have been given.

Choice libraries have been granted to eighteen ministers of the Gospel.

Tracts have been furnished for distribution to seventy-one pastors and brethren.

Thirty-eight regiments have been supplied with books, pamphlets and tracts.

TWENTY-FIVE THOUSAND Reapers have been distributed in the hospitals and among the Freedmen.

Nearly 7,000 volumes and pamphlets have been given to the United States Christian Commission for distribution among the soldiers of the army and navy. The money value of these grants made from the Rooms is \$2,414.27.

The Colporteurs, upon the field, have distributed gratuitously among the destitute 3,350 volumes, and 162,231 pages of tracts; the money value of which is \$714.54. Total value of the year's grants \$3,128.81.

COLPORTAGE.

The Board have, previous to the 1st of March, commissioned and employed thirty-eight missionary Colporteurs in the following fields: Two in Indiana; one in Illinois; two in Iowa; one in Kansas; one in Maine; one in Louisiana, among the Freedmen; two in Michigan; two in Minnesota; four in New York; one in Ohio; three in Pennsylvania; one in North Carolina, among the Freedmen; one in South Caro-

lina, also among the Freedmen; and fourteen in Sweden. Several Colporteurs have been employed since the 1st of March, but their names and work do not appear in this Report.

These missionaries report the following WORK PERFORMED: 8,072 days of labor; 54,207 miles traveled; 16,745 volumes sold, and 3,350 volumes and 162,231 pages of tracts given to the poor; 3,540 sermons preached; 1,573 prayer-meetings held; 16,090 families visited, of whom they found 510 without the Bible; 175 persons baptized; 43 Sunday Schools organized, and 4 churches constituted.

In August, Rev. Andreas Wiberg, the Society's Superintendent of Colportage in Sweden, returned to this country, accompanied by Mrs. Wiberg. Since then he has been employed, under the direction and approval of the Board, in collecting funds for the erection of a house of worship in Stockholm, the Capital of the Kingdom. The necessity is imperative, and we earnestly commend the work to the Baptists in this country. Philadelphia alone has raised five thousand dollars for the purpose.

The special work of grace that has so wonderfully progressed in Sweden, now for eight years, still continues, as may be seen from a statement just received from the brother now in charge at Stockholm.

A SURVEY OF THE LORD'S WORK IN SWEDEN IN CONNECTION WITH THE BAPTIST MISSION, DURING THE YEAR ENDING, MARCH 1ST, 1864.

The most interesting part of the field during the past year has been in the NORTHERN PORTION OF THE KINGDOM, (Norrlund Association.) In the region round about Sundsvall, the churches have been refreshed; to the praise of the Lord we can say, the movement is decidedly onward. It has not come all of a sudden, but must rather be regarded

as a blessing upon the ordinary means of grace. During the summer months when there is least opportunity for missionary labor, on account of the busy time of harvest, a Session of the Colporteur School was held in Sundsvall, by Rev. G. Palmquist. The number of pupils was seventeen, divided into two classes. Refreshed in their own souls they went out in all directions, and the Lord has blessed their labors to the churches and the unconverted.

In the parish of Bergsjö quite a revival has followed. From fifty to sixty conversions are reported; but the brethren engaged in the work have been forbidden by the State church council to preach any more in the parish and probably will be obliged to leave the place.

The region of UMEA has been visited by a sudden awakening. On the arrival of Bro Per Lind in November last, there were found not a few professing Christian Lutherans in UMEA; but a general dullness prevailed. Being a Baptist, he was ordered out of their houses from village to village, but still he persisted in his efforts and at last was permitted to address about ten persons in a dark ungodly village. The Spirit of the Lord was pleased to descend. Within a few days a powerful work of grace was in progress, which has continued up to the last date of information. The people flock together in hundreds from great distances to hear the gospel, and hopeful converts are counted in tens not to say scores in nearly all the villages some thirty miles up the Umea River. But here also persecution has followed, and Bro. Lind will probably be robbed of all his property or be subject to some months imprisonment.

In the MIDDLE OF SWEDEN, (Dala, Stockholm and Nerike Associations,) the work of the Lord continues to progress steadily. In the city of Stockholm, the present meeting room of the Baptist Church is uncomfortably crowded even at the 9 o'clock service, Sabbath morning, although their beloved pastor Rev. A. Wiberg is absent in America to collect means for the erection of a place of worship. Sixty-eight new members were added to the church during the past year.

THE SOUTH OF SWEDEN, (Gotland, Smaland and Skane Associations,) is sadly destitute of laborers. From many places the cry is heard, "Come over and help us." If a competent brother could be found, to minister to a cluster of Churches, the people are willing even to make sacrifices for his support. The great want is the raising up *by the Lord* of more laborers for his plenteous harvest.

The Stockholm Missionary Union, during the past year, supported seven Colporteurs, a branch Society in Sundsvall, eight; and the seven Associations of the Baptist Churches, ten.

PUBLICATIONS.—There have been published by the Stockholm Missionary Union during the year, 3,568,000 pages of books and tracts; and by the Executive Committee, 2,000 copies of "Prerequisites to Communion," by A. N. Arnold.

PERSECUTION.—During the last few months a spirit of bitter persecution has been manifested in several parts of the country. The two paragraphs of the "Conventicle Law" enforced, are 1st: The one empowering the church councils to forbid any one they think dangerous to the State Church system, from holding religious meetings in their respective parishes. On this ground the persecution against Bro. Lind in the region of Umea, has been carried on. For offenses against the same law Bro. King in the region of Hudiksvall, has been fined 50 Rix dollars. 2d. The prohibition to hold religious meetings during the time of the State Church services. For holding such a meeting a Sabbath morning in August last in Wimmerby, Bro. Holmgren has been fined 100 Rix dollars. In all these cases the friends who have opened their houses for the holding of meetings are fined too.

A brother, a commissioned officer in the army, has been dismissed from the service recently, only because he would not quit holding religious meetings. His captain, who appreciated him as a good soldier, tried to gain him by saying that he would lose his salary; but the gallant soldier of the cross answered, that "He would much less lose the great reward received in heaven," and he cheerfully left all and followed Christ.

During the year 1863, eight hundred and forty persons were baptized. At the beginning of January, 1864, there were in Sweden seven Associations, one hundred and seventy Churches, with 6,191 members.

SPECIAL PAPERS.

The Board, on the recommendation of the Corresponding Secretary, have appointed Rev. J. Wheaton Smith, D. D., to prepare and present to the Society at its present meeting, a paper on a "SUITABLE SUNDAY SCHOOL LITERATURE;" and Rev. George W. Anderson, to prepare a paper on the "DENOMINATIONAL TRAINING OF OUR CHILDREN."

We would express an earnest hope that these subjects may, by this means, receive at the hands of the Society the consideration that their great importance demands.
